The older 2nd edition of the text may also be used. The material is fundamentally the same in all editions and all homework assignments will be made available as printable PDFs. Additional supplements on various topics in differential equations will also be made available during the course.

Math E-21b - Linear Algebra - Harvard Extension School

AP Physics B was an Advanced Placement science course equivalent to a year-long introductory college course in physics. High school students studied Newtonian mechanics, electricity and magnetism, fluid mechanics, and thermal physics, waves and optics, and atomic and nuclear physics in preparation for a cumulative exam given each May. The course was non-calculus-based and involved algebra and ...
