But at times you might prefer to download docs for later or ...

How-To: Download PDF from Scribd for Free Without Uploading

from my application I want to open files (jpg, pdf, ..) with the default windows-program from network drives. I know start, but it doesn't seem to work for network paths.. I tried the following commands, but all I get is the windows dialog telling me that he doesn't know how to open that file and whether I want to use a web-service to ask for a programm or choose manually.

How to open a file from network drive/path with default

Hemp, or industrial hemp (from Old English hænep), typically found in the northern hemisphere, is a variety of the Cannabis sativa plant species that is grown specifically for the industrial uses of its derived products. It is one of the fastest growing plants and was one of the first plants to be spun into usable fiber 10,000 years ago. It can be refined into a variety of commercial items ...
