About Community Identity. The understanding of identity in relation to community has been a focus of academic studies in recent years. An exclusive self-understanding of the identity of one's own community, coupled with a hostile attitude toward other communities, often leads to communal conflicts.

### **Community Identity: Dynamics of Religion in Context**

"Identity" is a keyword of contemporary society and a central focus of social psychological theorizing and research. At earlier historical moments, identity was

and identity formation especially with reference to youth's religiousness and search for identity. Evidence regarding the relationship between identity and religion in the existing literature is limited. But, evidence from few studies suggests that religion is positively correlated with identity formation.
