

culture ecology interface a pdf

The sociology of culture, and the related cultural sociology, concerns the systematic analysis of culture, usually understood as the ensemble of symbolic codes used by a members of a society, as it is manifested in the society. For Georg Simmel, culture referred to "the cultivation of individuals through the agency of external forms which have been objectified in the course of history".

Sociology of culture - Wikipedia

The following outline is provided as an overview of and topical guide to culture: . Culture "set of patterns of human activity within a community or social group and the symbolic structures that give such activity significance. Customs, laws, dress, architectural style, social standards, religious beliefs, and traditions are all examples of cultural elements.
