

electronic media and journalism pdf

Journalism refers to the production and distribution of reports on recent events. The word journalism applies to the occupation, as well as citizen journalists using methods of gathering information and utilizing literary techniques. Journalistic media include print, television, radio, Internet, and, in the past, newsreels. Concepts of the appropriate role for journalism vary between countries.

The Association for Education in Journalism and Mass Communication (AEJMC) is a nonprofit, educational association of journalism and mass communication educators, students and media professionals.

AEJMC

Digital journalism also known as online journalism is a contemporary form of journalism where editorial content is distributed via the Internet as opposed to publishing via print or broadcast. What constitutes 'digital journalism' is debated by scholars. However the primary product of journalism, which is news and features on current affairs, is presented solely or in combination as text, audio ...
