

human nature and education pdf

Human nature is a bundle of fundamental characteristicsâ€”including ways of thinking, feeling, and actingâ€”which humans tend to have naturally.. The questions of whether truly fixed characteristics exist, what these natural characteristics are, and what causes them, are among the oldest and most important questions in philosophy and science. The science that examines human nature is known as ...

A Treatise of Human Nature (1738â€”40) is a book by Scottish philosopher David Hume, considered by many to be Hume's most important work and one of the most influential works in the history of philosophy. The Treatise is a classic statement of philosophical empiricism, skepticism, and naturalism. In the introduction Hume presents the idea of placing all science and philosophy on a novel ...
