Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.

Program description of Child-Parent Centers. The Programs that Work section of the Promising Practices Network (PPN) site features descriptions of evaluated programs that improve outcomes for children. PPN programs are organized by four major outcome areas, and sub-categorized by indicators within each outcome area. Programs are also categorized by topic area and by evidence level.

Transitioning to Middle School Can Be Tough. The evidence-based Second Step Middle School Program gives schools and teachers an effective method for teaching essential communication, coping, and decision-making skills that will allow adolescents to navigate common pitfalls, such as peer pressure, substance abuse, and bullying (both face-to-face and online).

The Inquiry Chart (I-chart) is a strategy that enables students to gather information about a topic from several sources. Teachers design the I-chart around several questions about a topic. Students read or listen to several sources on the topic and record answers to the posed questions within the I-chart. Students generate a summary in the final row.
