EPA sets limits on environmental radiation from use of radioactive elements. The Radiation Protection website describes EPA's radiation protection activities, regulations and supporting information.

Radiation Protection | US EPA

More Than 60 Years of Experience. We've been designing combined-cycle power plants since 1949, longer than any other OEM. Gas turbines have evolved from relatively small, simple peaking machines to much larger combined-cycle plants capable of powering a city.

Combined & Simple Cycle Power Plant Solutions | GE Power

4 Mutation breeding The art of recognizing desirable traits and incorporating them into future generations is very important in plant breeding. Breeders inspect their fields and

There are several solar power plants in the Mojave Desert which supply power to the electricity grid. Insolation (solar radiation) in the Mojave Desert is among the best available in the United States, and some significant population centers are located in the area. These plants can generally be built in a few years because solar plants are built almost entirely with modular, readily available ...

Solar power plants in the Mojave Desert - Wikipedia

One of the most important ways you can help pollinators is by provisioning your yard with plants that provide pollen and nectar. To attract butterflies, you will also need to include a variety of larval host plants for caterpillars to eat.
