October 2018: Conservationism is a noble but often risky profession which requires incredible skill and dedication. Resilience, bush craft, marksmanship, communication and tracking skills are invaluable in the fight against poaching and the protection of wildlife – a fight that would be almost impossible without the use of technology.

Hunting is the practice of killing or trapping animals, or pursuing or tracking them with the intent of doing so. Hunting wildlife or feral animals is most commonly done by humans for food, recreation, to remove predators that are dangerous to humans or domestic animals, or for trade. Lawful hunting is distinguished from poaching, which is the illegal killing, trapping or capture of the hunted ...

Here We Go: It's been a quiet week here at ADKHunter.com, with just a few photos trickling in from successful hunters. That, after a great start to the season. With last weekend's soaking weather it was to be expected. While this hunter doesn't mind hunting in the rain, short of the downpours, I prefer to slow down and maybe take a stand or spend some time still-hunting through some ...
